

"It was very rainy the week before so the garden was lush and leafy, but the sun came out for our day," says Vanessa

Vanessa inscribed paper birds from Confetti with love poems and hung them around the garden

**PERFECT DAY...** "Alongside all my other organising, I pre-prepared a play list for our DJ Oliver to keep the dancefloor filled all night – our first dance was Jack Johnson's *Better Together*. I wish I could sum up how idyllic it was dancing on a summer's evening, under the glow of fairy lights, kids weaving in and out and the sound of laughter. It was absolutely the day we had wanted – chilled out, sociable and blissful fun."

**PERFECT PLANNING** "My top tip is try not to do it all at once," says Vanessa. "Prioritise, make lists and delegate certain tasks to your mum!"
